

## PRODUCT INFORMATION

### Musculoskeletal

# INFLAVAMEND 60VCAPS

#### Helps to relieve Minor Pain and Inflammation

**Inflammend** is expertly formulated to provide relief from minor pain and support healthy muscle tissue. It is the perfect choice for patients whose muscles are impacted by physical stressors, poor posture, and even inactivity. Can be used for symptomatic IBS issues to help with bloating pain and inflammation.

#### Benefits:

- Supports muscle and connective tissue health
- Features Ayurvedic herbs traditionally used to support healthy muscle tissue
- Includes lemon bioflavonoids and vitamin C, which help to protect connective tissues from damaging free radicals.

**Recommended Dosage:** 1 capsule daily or as directed by your healthcare practitioner.
