## EMVITA 15 (50ML)

**Emvita 15 (Apprehensive)**– Emotional issues addressed: You were deeply hurt and still have not overcome it, fearing that it could happen again. Anxiety, fear and worry weigh on your heart and block you from fully enjoying life. You may feel abandoned or all alone without support. You may have developed other fears (spiders, mice, rejection, relationships, a broken heart, etc.), and go about life cautiously or without taking initiative.

This conflict can be due to abandonment, rejection, death, divorce, grief, betrayal, a broken heart, or severe emotional trauma. The emotional protective mechanism of retreat and withdraw has led to feeling alone, great sorrow, grief, anxiety, fears and phobias.

**Guidance:** Understand that fear creates fear and blocks the flow of energy. You need to develop trust that others and life are not out to actively hurt you, and with time, the emotional pain will heal.

**Positive Affirmation:** *I know that fear and worry are part of life, and will use them as tools for opportunities of growth.*
