

## PRODUCT INFORMATION

### Kidney & Bladder

# SAGAPRO 30T

**SagaPro** is a clinically studied herbal supplement that reduces urinary frequency in people with low bladder capacity. It's useful for many groups of people; namely those suffering from bladder problems like an overactive bladder (OAB), sometimes referred to as "irritable bladder".

**SagaPro** is a proprietary, aqueous extract of Angelica archangelica leaves, harvested from wild plants grown in the pure air and soil of Iceland. Wild Angelica is gathered by local people in an eco-friendly and sustainable manner. SagaPro supports healthy bladder strength and function both for men and women.

#### Fast acting

- \* Results normally before 1 month
- \* Calms bladder muscle contraction
- \* Easy to measure by counting trips to the bathroom
- \* Improved sleep patterns

**Recommended Dosage: 1-2 tablets per day**

#### Clinical results 2011-2012

Participants in a recent clinical trial experienced support for healthy bladder function and reported improved sleep patterns as well.
