ULTRA CARE FOR KIDS

Ultra Care for Kids is high quality nutritional support for children with atopic disorders.

- Features low-allergy-potential rice protein for children with dairy, egg, gluten, corn protein, or soy protein sensitivities.
- Provides non-dairy calcium—250 mg per serving.
- When combined with the accompanying diet plan, provides high quality nutrition for children with food sensitivities.

Recommended dose:

Blend, shake, or briskly stir about one scoop (30 g) of Ultracare for Kids into 8 to 10 ounces of pure, distilled, or filtered water until powder is completely dissolved. If advised by your healthcare practitioner, use diluted fruit or vegetable juices according to the directions in the Parent Guide. Store canister in a cool, dry place.
