ULTRAINFLAMX 636G

UltraInflamX is a medical food formulated to provide strategic macro- and micronutrient support for patients with compromised gut function resulting from inflammatory bowel disease, including ulcerative colitis and Crohn's disease. Provided in a proprietary, vegan pea/rice protein base, this formula addresses increased nutrient needs and potential deficiencies in these patients. This formula features CurQfen®, a clinically studied, patented curcumin blend designed for greater bioavailability and more reliable clinical outcomes. It has been demonstrated to have up to 45.5 times more free curcuminoids in human plasma compared to standard curcumin extract.

- Supports Phase II detoxification, gastrointestinal mucosa integrity, and reduction of damaging free-radical generation.
- Features a unique blend of vitamins, minerals, amino acids, bioflavonoids, and phytonutrients to nutritionally support a balanced inflammatory response.
- Includes ginger and rosemary, which may help support healthy eicosanoid and cytokine metabolism.
- Provides turmeric extract, which has been shown in research to inhibit the activities of a wide variety of enzymes, cytokines, eicosanoids, and reactive species implicated in pain and inflammation.
- Supplies a low-allergenic potential protein base in the form of rice protein concentrate.

Recommended dose: 2 level scoops of UltraInflamX into 8 fluid ounces of chilled water, juice, or acceptable fruit as listed in the dietary guidelines or as directed by your healthcare practitioner.

Ingredients:

Serving Size: About 2 scoops (52 g)

Fat 6 g

Saturated Fat† 2.5 g

Trans Fat g

Cholesterol mg

Sodium 90 mg

Potassium 420 mg

Carbohydrate 25 g

Dietary Fiber 4 g

Sugars 9 g

Protein 15 g

Vitamin A (retinyl palmitate) 2500 IU

Vitamin A (beta-carotene) 2500 IU

Vitamin C 180 mg

Calcium 300 mg

Iron 2 mg

Vitamin D 45 IU

Vitamin E 100 IU

Thiamin 2 mg

Riboflavin 2 mg

Niacin 35 mg

Vitamin B6 5 mg

Folic Acid 80 mcg

Vitamin B12 3 mcg

Biotin 150 mcg
