

GSF COMPLEX

GSF Complex provides adrenal cortex and whole adrenal support along with synergistic nutrients necessary for adrenal gland function during periods of stress. Deficient kidney mineralization and function, overuse of stimulants, environmental pollution and stress contribute to adrenal toxicity and exhaustion, leading to adrenal atrophy. Serious adrenal dysfunction can cause electrolyte and carbohydrate metabolism imbalances, resulting in circulatory collapse and hypoglycemia.

GSF Complex is indicated for symptoms associated with stress and adrenal exhaustion, including allergies, chronic fatigue syndrome, hypoglycemia, asthma, hemolytic anemia, hypotension; and for premenstrual symptoms such as depression, irritability, mood swings, sugar cravings and bloating. The capsules are 100% pure vegetable-sourced.

EACH CAPSULE CONTAINS:

Vitamin C (ascorbic acid)	150 mg
Pantothenic Acid (calcium d -pantothenate).	100 mg
Magnesium (magnesium aspartate/ oxide)	25 mg
Zinc (zinc citrate).	10 mg
Potassium (potassium aspartate).	25 mg
Adrenal	100 mg
Adrenal Cortex	20 mg
Ginkgo (Ginkgo biloba) Leaf	27 mg
Bitter Orange (Citrus aurantium) Fruit	
Std. Extract (40% Hesperidin)	15 mg
Licorice (Glycyrrhiza glabra) Root.	10 mg
