Meal Replacements

ULTRAMEAL CHOCOLATE

UltraMeal is a clinically tested medical food designed to nutritionally support the management of conditions associated with metabolic syndrome, including: obesity, altered body composition and insulin resistance. **UltraMeal** has a low glycemic index, and coupled with a healthy diet and exercise regime, can support healthy body composition. **UltraMeal** is meant to be mixed with water and used as a meal replacement.

UltraMeal is formulated to nutritionally support a healthy body composition.

This nutritional drink features:

- 15 grams of non-genetically engineered, identity-preserved soy protein.
- Essential vitamins and minerals, including high potency B vitamins.
- An excellent non-dairy source of calcium (600 mg per serving) and other bone-supportive nutrients.

Calcium, along with regular exercise and a healthy diet, can play a significant role in reducing the rate of bone loss.

- Calcium L-5-methyltetrahydrofolate (5-MTHF)—a nature-identical folate.
- Advanced nutrition in the form of a convenient and great-tasting shake with 140 calories per serving.

Recommended dose:

Blend, shake, or briskly stir 2 level scoops (43 g) into 8 fluid ounces of chilled water twice daily or as directed by your healthcare practitioner.

Ingredients:

Soy protein isolate (soy), fructose, soy fiber (soy), inulin, dicalcium phosphate, magnesium citrate, natural flavors, potassium chloride, Dutch processed cocoa powder, lecithin (soy), vitamin and mineral blend (ascorbic acid, zinc gluconate, pyridoxine HCl, rice maltodextrin, d-alpha tocopheryl acetate, D-biotin, niacinamide, retinyl palmitate, copper gluconate, d-calcium pantothenate, methylcobalamin, thiamin HCl, riboflavin, potassium iodide, chromium picolinate, calcium L-5-methyltetrahydrofolate, and cholecalciferol), olive oil, xanthan gum, and guar gum.
