# CHONDROCare 120 TABLETS

**ChondroCare** is designed to provide broad support for healthy joints by providing high quality glucosamine sulfate and chondroitin sulfate, nutritional factors known to support cartilage health and soft tissue formation. This well-rounded formula also features methylsulfonyl methane (MSM) for cartilage health as well as zinc, copper, manganese, and selenium designed for better absorption to support antioxidant enzymes that may protect joint tissues.

- May help to maintain normal joint strength and flexibility by effectively supporting cartilage integrity.
- Chondroitin and glucosamine support collagen synthesis to maintain shock-absorbing ability.
- May help protect against the activity of enzymes that impact soft tissues.
- Protects against free radical damage to joint tissue by supplying antioxidant support.

**Recommended dose:** take two tablets three times daily with food or as recommended by your health care provider

**Ingredients:** Per 2 scoops

	AMOUNT	DAILY VALUE
Zinc (as zinc glycinate)	5mg	33%
