

DERCUT CREAM

Many skin conditions and rashes are caused by a buildup of internal toxins that are being excreted through the skin because other excretion pathways are overwhelmed. Dercut helps resolve skin conditions by stimulating the body's immune system and excretory abilities. Dercut helps move the stagnating toxins and infectious material out of the subcutaneous lymphatics allowing the skin condition to resolve.

Conditions benefited by this product: Acne, contact dermatitis, eczema, psoriasis, herpes, herpes zoster, impetigo, carbuncles, and furuncles.

Manufacture dose: apply a moderate amount of ointment 2-3 times per day by rubbing gently into the skin. For external use only.

Ingredients: Euphorbia resinifera 4X, Hydrastis canadensis 4X, Kreosotum 5X, Rhus toxicodendron 3X, Sempervivum tect. 2X, Bellis perennis 1X, Vinca minor 1X and Viola tricolor 1X.
