EMVITA 19 (50ML)

Emvita19 (Indecisive)- Emotional issues addressed: You have trouble making decisions; this indecisiveness is rooted in fear of making a mistake or missing out on a better opportunity. You try to take everyone and everything into consideration before you take action, which can lead to doing nothing. You try to be pleasing, accommodating and avoid confrontation, with a 'don't rock the boat attitude'. You search for peace, harmony and balance within and may appear shy or withdrawn.

This conflict can be due to not being allowed to establish one's own identity, being in an unsafe environment, being told one thing and seeing another, or denial of intuition. This can be seen in children that were/are expected to get along in an adult world. There is a profound emotional inability to see things clearly and make decisions, with fears of making the wrong decision. You may have to adopt a diplomatic attitude to keep the peace, but in turn suppressed your own wishes and desires.

Guidance: Find strength in taking a definitive stance, especially in making clear and firm decisions that tend to be difficult. You should resolutely work on your own plans and not worry about the reactions of others.
