EMVITA 14 (50ML)

Emvita 14 (Introverted) – Emotional issues addressed: You have been deeply hurt or betrayed and retreated emotionally, leading to the feeling of being trapped or shut in with no way out. You may be distrustful, timid or anxious. You feel under pressure due to the expectations of others. You feel tense and tight, like you cannot breathe deeply and freely. You have the tendency to isolate yourself from the world around you.

This conflict can be due to abandonment, rejection, death, divorce, grief, betrayal, or severe emotional trauma. The emotional protective mechanism of retreat and withdraw has led to a feeling of being trapped and the physical symptoms associated with that include anxiety, fear, tension, compulsions, difficulty breathing or claustrophobia.

Guidance: Recognize that fear is the source of isolation, and that it is safe to open up emotionally again.

Positive Affirmation: The obstacles I face are growth incentives and I keep my eyes and ears open for new growth opportunities
