EMVITA 2 (50ML)

Emvita 2 (Difficult Concentration) Emotional issues addressed: You experience difficulty with focusing and concentration can easily be distracted or get lost in thought. You may live life halfheartedly with a lack of conviction and have a tendency to postpone and avoid things. You do not feel grounded, without firm roots or like a leaf blowing in the wind. You haven't realized your full potential, your place in life, your destiny or your purpose. You would rather be somewhere else (another family, another workplace, another country). You may withdraw in stressful situations.

This conflict can be due to growing up in a dominating family where you were not given the opportunity to develop as your own person or experience an uprooting event (i.e. a move to a new country, death of a loved one).

Guidance: Accept your place in the world. Realize and tap into your own strength, using it resourcefully.

Positive Affirmation: *I direct my energy toward my life goals and I am successful.*
