EMVITA 8 (50ML)

Emvita 8 (Isolation) Emotional issues addressed: You desire connections and relationships, but have difficulty opening up and approaching others. You feel alone, not part of the group and not understood. You may have had a circumstance in life that makes you feel different from everyone else. You hesitate to embrace life and may isolate yourself from others and/or life. Feelings of isolation lead to unhappiness, indifference, lethargy, and inactiveness.

This conflict can be due to too much or too little responsibility, fear of punishment or emotional manipulation. This can arise from immigration, isolation within a family, or circumstances that isolates you from the group (i.e.. illness, death, etc) and makes you feel different than everybody else.

Guidance: You have the right to live life to the fullest in any situation, and deserve happiness and fulfillment. Embrace your individuality, trust you are not alone, and go take a bite out of life.

Positive Affirmation: I know that I am a part of the whole, am deeply fulfilled and enjoy life with all my senses.
